As a new educator, did you know you have a defined benefit plan that can provide monthly income for the rest of your life?
Are you a new educator?
Did you know all full-time California public school prekindergarten through community college instructors and administrators are automatically enrolled in the CalSTRS Defined Benefit Program?

What is the CalSTRS Defined Benefit Program?
The CalSTRS Defined Benefit Program provides retirement benefits to California public school educators and their beneficiaries. At age 55 with five years of service credit, you’re eligible to receive lifetime income in retirement. The amount of your monthly income is based on this formula set by California law:

Service Credit $\times$ Age Factor $\times$ Final Compensation

This formula provides a fixed percentage of your working salary based on your age and years of service at retirement.

As a CalSTRS member, you get:
- Lifetime monthly retirement payments, once eligible
- Access to disability benefits while working
- Survivor benefits to provide financially for your loved ones
- In-person assistance at our member service centers throughout California
- Resources for every stage in your career

If you’re planning on working part time or substituting, you can still become a CalSTRS Defined Benefit member. See the Member Handbook on CalSTRS.com.

Who We Are
CalSTRS is your retirement plan. We’re here to help you secure a strong financial future. After you retire from your career in education, you’ll receive monthly income from us for the rest of your life.

CalSTRS Value
We’re here for you as you begin your career and throughout your retirement. We also provide:
- Disability benefits
- Survivor benefits
- Supplemental savings plans

Welcome Video
Watch our new educator video, Welcome to CalSTRS, which explains your CalSTRS benefits at CalSTRS.com/early-career.

Service Credit $\times$ Age Factor $\times$ Final Compensation
