The Yolo County Board of Education and the Yolo County Office of Education recognize that personal, social, health, and economic circumstances of children and families sometimes place students at risk of school failure. The County Office believes, however, that each student can succeed in meeting County Office academic standards with appropriate educational programs and support services.

County Office assessments and ongoing classroom evaluations shall be used to identify students performing below grade-level or at risk of failing to meet County Office standards. The Yolo County Superintendent of Schools or designee shall develop strategies to address the needs of at-risk students, which may include but are not limited to instructional strategies responsive to the needs of individual students, provision of supplemental instruction outside the regular school day, provision of effective support services, parent involvement, and/or enrollment in an alternative program.

The County Superintendent or designee shall ensure that employees are trained to support students and are prepared to implement intervention strategies as needed or to make appropriate referrals.
AT-RISK STUDENTS (continued)

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

The County Superintendent or designee shall establish a student assistance program to help coordinate the County Office’s learning support programs including education, prevention, early identification, intervention, referral, and support services, into an integrated delivery system.

The County Office’s program for at-risk students shall emphasize coordination between site, County Office, district, and community-based programs in order to ensure effective implementation and shared accountability.
